## TECHNICAL PRODUCTION PRINTERS

Contribute to a circular economy with:  
Free and easy recycling take back program with HP Planet Partner<sup>1</sup>

Reduce by reusing materials:  
Printers designed with up to 37% recycled plastic<sup>2</sup>, and the carton-based cartridges using 100% recycled and recyclable cardboard containers, and an inner bag designed with up to 35% recycled plastic post consumer.

Advance your sustainability goals with:  
Energy efficient design that meets the rigorous criteria of EPEAT<sup>3</sup> and Energy Star<sup>4</sup> to help reduce greenhouse gas emission

Use responsibly sourced recyclable paper:  
Partner with a company committed to forest management and restoration with responsibly sourced paper and packaging<sup>5</sup>

## Footnotes (Continued on Next Page)

1. Visit [hp.com/recycle](http://hp.com/recycle) to see how to participate and for HP Planet Partners program availability; program may not be available in your jurisdiction. Where this program is not available, and for other consumables not included in the program, consult your local waste authorities. on appropriate disposal. Compared to majority of competing in-class OEM ink & laser printer supply recycling programs. Criteria: size, reach, recycled content use, upcycling & eco award/ranking. HP-commissioned Aug 2020 InfoTrends research report. Market share: IDC Q2'20 Hardcopy Peripheral Tracker. Program availability varies. See [hp.com/go/recycle](http://hp.com/go/recycle) & [keypointintelligence.com/HPPlanetPartners](http://keypointintelligence.com/HPPlanetPartners)
2. HP received the first UL Recycled Content Validation for ocean-bound plastics under the UL 2809 Environmental Claim Validation Procedure. For more information, see [ul.com/news/hp-receives-first-recycled-content-validation-ocean-bound-plastics-ul](http://ul.com/news/hp-receives-first-recycled-content-validation-ocean-bound-plastics-ul).
3. Applicable to select HP printers. EPEAT registered where applicable/supported. See [www.epeat.net](http://www.epeat.net) for registration status by country
4. Applicable to select HP Latex printers. ENERGY STAR and ENERGY STAR mark are registered trademarks owned by U.S Environmental Protection Agency. See [energystar.gov](http://energystar.gov) for certification status by country
5. Applicable to select HP large format printing materials. BMG trademark license code FSC®-C115319, see [fsc.org](http://fsc.org). HP trademark license code FSC®-C017543, see [fsc.org](http://fsc.org). Not all FSC®-certified products are available in all regions. For information about HP large format printing materials, please visit [HPLFMedia.com](http://HPLFMedia.com).
6. Ocean-Bound recycled plastic is based on the definition set by the UL2809 Environmental Claim Validation Procedure. For more information, see [ul.com/news/hp-receives-first-recycled-content-validation-ocean-bound-plastics-ul](http://ul.com/news/hp-receives-first-recycled-content-validation-ocean-bound-plastics-ul).
7. Directive 2012/19/EU of the European Parliament and of the Council of 4 July 2012 on waste electrical and electronic equipment (WEEE), July 2012 (as amended).
8. Applicable to select HP inks. UL ECOLOGO® Certified inks meet a range of stringent human health and environmental considerations . For certifications, see <http://www.ul.com/EL> and <http://www.ul.com/gg>
9. GREENGUARD GOLD Certification to UL 2818 demonstrates that products are certified to GREENGUARD standards for low chemical emissions into indoor air during product usage. For more information, visit [ul.com/gg](http://ul.com/gg) or [greenguard.org](http://greenguard.org).
